NEWS RELEASE

Contact: Dennis Taylor

FOR RELEASE DECEMBER 22, 2006

Taylor, Rees, Beckey & Co. P.C. today released an audit report on the City of West Liberty, Iowa.

The City has implemented new reporting standards for the year ended June 30, 2006, with significant changes in content and structure of the financial statements. The new financial statements include a Statement of Net Assets and a Statement of Activities which provide information about the activities of the City as a whole and present a longer-term view of the City's finances. Also included is Management's Discussion and Analysis of the City's financial statements.

The City's revenues totaled \$8,085,051 for the year ended June 30, 2006, a 16.59 percent increase from the prior year. Revenues included \$712,714 in property tax, \$177,787 for tax increment financing revenues, \$5,439,454 from charges for service, \$309,232 from local option sales tax, \$264,206 from unrestricted investment earnings, \$21,076 from licenses and permits and \$153,687 from other general revenues.

Expenses for City operations totaled \$7,082,340. Expenses included \$695,392 for public safety, \$500,017 for culture and recreation, \$234,634 for public works, \$77,022 debt service and \$174,009 for general government. Expenses for business type activities totaled \$5,235,516.

A copy of the audit report is available for review in the Office of Auditor of State and the City Clerk's office.

CITY OF WEST LIBERTY

Independent Auditor's Report

To the Honorable Mayor and
Members of the City Council:

We have audited the accompanying financial statements of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of the City of West Liberty, Iowa, as of and for the year ended June 30, 2006, which collectively comprise the City's basic financial statements listed in the table of contents. These financial statements are the responsibility of the City of West Liberty's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards and provisions require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business type activities, each major fund and the aggregate remaining fund information of the City of West Liberty at June 30, 2006, and the respective changes in financial position and cash flows, where applicable, for the year then ended in conformity with U.S. generally accepted accounting principles.

In accordance with Government Auditing Standards, we have also issued our report dated December 1, 2006 on our consideration of the City of West Liberty internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of this report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Management's Discussion and Analysis and budgetary comparison information on pages 7 through 12 and 47 and 48 are not required parts of the basic financial statements, but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. We did not audit the information and express no opinion on it.

Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the City of West Liberty basic financial statements. We previously audited, in accordance with the standards referred to in the second paragraph of this report, the financial statements for the three years ended June 30, 2005 (none of which are presented herein) and expressed unqualified opinions on those financial statements. Other supplementary information included in Schedules 1 through 11, including the Schedule of Expenditures of Federal Awards required by the U.S. Office of Management and Budget (OMB) Circular A-133, Audits of States, Local governments and Non-Profit Organizations, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS

City of West Liberty provides this Management's Discussion and Analysis of its financial statements. This narrative overview and analysis of the financial activities is for the fiscal year ended June 30, 2006. We encourage readers to consider this information in conjunction with the City's financial statements, which follow.

2006 FINANCIAL HIGHLIGHTS

Revenues of the City's governmental activities increased 2.33%, or approximately \$424,579, from fiscal 2005 to fiscal 2006. Property tax increased approximately \$34,665.

This was due to a \$515,000 Federal grant.

Program expenses totaled \$7,082,340. Expenses included \$695,392, for public safety, \$500,017 for culture and recreation, \$174,009 for general government and \$5,235,516 for business type activities.

USING THIS ANNUAL REPORT

The annual report consists of a series of financial statements and other information, as follows:

Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the City's financial activities.

Government-wide Financial Statements consist of a Statement of Net Assets and a Statement of Activities. These provide information about the activities of the City of West Liberty as a whole and present an overall view of the City's finances.

The Fund Financial Statements tell how governmental services were financed in the short term as well as what remains for future spending. Fund financial statements report the City of West Liberty's operations in more detail than the government-wide statements by providing information about the most significant funds.

Notes to Financial Statements provide additional information essential to a full understanding of the data provided in the basic financial statements.

Required Supplementary Information further explains and supports the financial statements with a comparison of the City's budget for the year.

Other Supplementary Information provides detailed information about the nonmajor Special Revenue Funds.

REPORTING THE CITY'S FINANCIAL ACTIVITIES

Government-wide Financial Statements

One of the most important questions asked about the City's finances is, "Is the City as a whole better or worse off as a result of the year's activities?" The Statement of Net Assets and the Statement of Activities report information which helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting and the economic resources measurement focus, which is similar to the accounting used by most private sector companies. All of the current year's revenues and expenses are taken into account, regardless of when cash is received or paid.

The Statement of Net Assets presents all of the City's assets and liabilities, with the difference between the two reported as "net assets". Over time, increases or decreases in the City's net assets may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The Statement of Activities presents information showing how the City's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will not result in cash flows until future fiscal periods.

The Statement of Net Assets and the Statement of Activities report two kinds of activities:

- Governmental activities include public safety, public works, culture and recreation, community and economic development, general government, debt service and capital projects. Property tax and state and federal grants finance most of these activities.
- Business type activities include the water, the sanitary sewer system, electric system and the City's solid waste department. These activities are financed primarily by user charges.

Fund Financial Statements

The City has two kinds of funds:

(1) Governmental funds account for most of the City's basic services. These focus on how money flows into and out of those funds and the balances at year-end that are available for spending. Governmental funds include: 1) the General Fund, 2) the Special Revenue Funds, 3) the Debt Service Fund and 4) the Capital Projects Fund. These funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund financial statements provide a detailed, short-term view of the City's general governmental operations and the basic services it provides. Governmental fund information helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs.

The required financial statements for governmental funds include a balance sheet and a statement of revenues, expenditures and changes in fund balances.

(2) Proprietary funds account for the City's Enterprise Funds. These funds report services for which the City charges customers for the service it provides. Proprietary funds are reported in the same way all activities are reported in the Statement of Net Assets and the Statement of Activities. The major difference between the proprietary funds and the business type activities included in the government-wide statements is the detail and additional information, such as cash flows, provided in the proprietary fund statements. The Enterprise Funds include the Water, Sewer, Electric and Solid Waste Funds, with Water, Sewer and Electric considered to be major funds of the City. The City is responsible for ensuring the assets reported in these funds are used only for their intended purposes and by those to whom the assets belong.

The financial statements required for proprietary funds include a statement of net assets, a statement of revenues, expenses and changes in fund net assets and a statement of cash flows.

GOVERNMENT -WIDE FINANCIAL ANALYSIS

As noted earlier, net assets may serve over time as a useful indicator of financial position. The analysis that follows focuses on the changes in the net assets for governmental and business type activities .

	Net Assets <u>June 30, 2006</u>		
	Governmental <u>Activities</u>	Business Type <u>Activities</u>	<u>Total</u>
Current and other assets	\$ 1,806,651	6,610,568	8,417,219
Capital assets	<u>6,867,209</u>	<u>16,355,117</u>	<u>23,222,326</u>
Total assets	<u>8,673,860</u>	<u>22,965,685</u>	<u>31,639,545</u>
Long-term liabilities	1,368,720	5,558,867	6,927,587
Other liabilities	<u>150,397</u>	<u>446,329</u>	<u>596,726</u>
Total liabilities	<u>1,519,117</u>	<u>6,005,196</u>	<u>7,524,313</u>
Net assets:			
Invested in capital assets, net of related debt	5,498,489	2,492,988	7,991,477
Restricted	122,494	1,914,729	2,037,223
Unrestricted	<u>1,533,760</u>	<u>12,552,772</u>	<u>14,086,532</u>
Total net assets	<u>\$ 7,154,743</u>	<u>16,960,489</u>	<u>24,115,232</u>

Net assets of governmental activities increased from FY05 by approximately \$661,357, or 10.18%. Net assets of business type activities increased from FY05 by approximately \$341,354, or 2.05%. The largest portion of the City's net assets is the amount invested in capital assets (e.g., land, infrastructure, buildings and equipment), less the related debt. The debt related to the investment in capital assets is liquidated with sources other than capital assets. Restricted net assets represent resources that are subject to external restrictions, constitutional provisions or enabling legislation on how they can be used. Unrestricted net assets, the part of net assets that can be used to finance day-to-day operations without constraints established by debt covenants, legislation or other legal requirements , is approximately \$14,086,532 at the end of this year.

INDIVIDUAL MAJOR FUND ANALYSIS

Governmental Fund Highlights

As the City of West Liberty completed the year, its governmental funds reported a combined fund balance of \$1,656,254, which is less than the \$1,732,809 total fund balance at June 30, 2005. The following are the major reasons for the changes in fund balances of the major governmental funds from the prior year.

The General Fund showed a decline of \$110,683 from the prior year to \$929,937.

The Capital Projects Fund ended fiscal 2006 with a \$57,493 balance compared to the prior year ending balance of \$(63,911). The fiscal 2006 increase is a result of available funds exceeding project costs.

The Debt Service Fund ended fiscal 2006 with a \$122,494 balance compared to the prior year ending balance of \$133,573. The fiscal 2006 deficit is a result of local option tax allocation to various other funds.

Proprietary Fund Highlights

The Water Fund, which accounts for the operation and maintenance of the City's water system, ended fiscal 2006 with a \$2,165,224 net asset balance compared to the prior year ending net asset balance of \$2,280,636.

The Sewer Fund, which accounts for the operation and maintenance of the City's wastewater treatment and sanitary sewer system, ended fiscal 2006 with a \$4,978,457 net asset balance compared to the prior year ending net asset balance of \$5,078,397.

The Electric Fund, which accounts for the operation and maintenance of the City's electrical system, ended fiscal 2006 with a \$9,522,916 net asset balance compared to the prior year ending net asset balance of \$8,999,595.

BUDGETARY HIGHLIGHTS

Over the course of the year, the City of West Liberty amended its budget one time. The amendment was done in 2006. These amendments were needed to cover unplanned disbursements, including disbursements associated with projects carried over from the prior fiscal year.

Even with these amendments, the City exceeded the budgeted amount in the capital projects function for the year ended June 30, 2006.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The City's capital assets include land, buildings and improvements, equipment, streets, sewer systems, lighting systems, traffic signals and other infrastructure. Capital assets for governmental activities totaled \$6,867,209 (net of accumulated depreciation) at June 30, 2006. Capital assets for business type activities totaled \$16,355,117 (net of accumulated depreciation) at June 30, 2006. See Note 3 to the financial statements for more information about the City's capital assets.

Long-Term Debt

At June 30, 2006, the City had \$1,368,720, in total long-term debt outstanding for governmental activities. Total long-term debt outstanding for business type activities was \$5,558,867 at June 30, 2006.

ECONOMIC FACTORS BEARING ON THE CITY'S FUTURE

Several economic factors affected decisions made by the City of West Liberty in setting its fiscal 2006 budget. The City of West Liberty will experience a significant change in General Fund revenues and expenditures from fiscal year 2006 to fiscal year 2007. The major factors that will play a role in this change are the in intergovernmental revenue and the property valuation for

fiscal 2006 in which the State of Iowa has issued the Assessment Limitation Order to be 48% for residential property.

Inflation in the State continues to be somewhat lower than the national Consumer Price Index (CPI) increase. The State of Iowa CPI increase was 3.2 percent for fiscal year 2006 compared with the national rate of 3.4 percent. Inflation has been modest here due, in part, to the slowing of the residential housing market state wide and the increase in energy prices, which has also been a major influence on this budget. City staff and management could not anticipate the dramatic increase in fuel cost for this budget year.

The tax levy rates per \$1,000 of taxable valuation for fiscal year 2006 are provided below:

General levy	\$ 8.10
Debt Service levy	\$ 0.91
Tort Liability	\$ 0.95
Employee Benefits	\$ 2.19
Emergency Levy	<u>\$ 0.27</u>
Total	<u>\$12.42</u>

CONTACTING THE CITY'S FINANCIAL MANAGEMENT

This financial report is designed to present our citizens, taxpayers, customers, investors and creditors with a general overview of the City's finances and operating activities. If you have any questions or require additional information please contact the City Manager, Mr. Chris Ward, City of West Liberty, 409 N. Calhoun Street, West Liberty, Iowa 52776 or by telephone at (319) 627-2418.

City of West Liberty

Reconciliation of the Statement of Revenues, Expenditures and
Changes in Fund Balances -
Governmental Funds to the Statement of Activities

Year ended June 30, 2006

Net change in fund balances - Total governmental funds (page 22) \$ (76,555)

Amounts reported for governmental activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures while governmental activities report depreciation expense to allocate those expenditures over the life of the assets. Capital outlay expenditures exceeded depreciation expense in the current year, as follows:

Expenditures for capital assets	990,433
Depreciation expense	(381,201)

Proceeds from issuing long-term liabilities provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Assets. Repayment of long-term liabilities is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Assets. Current year issues exceeded repayments, as follows:

Repaid	<u>128,680</u>
--------	----------------

Change in net assets of governmental activities (page 17) \$ 661,357

City of West Liberty

Notes to Financial Statements

June 30, 2006

NOTE 1- Summary of Significant Accounting Policies

City of West Liberty is a political subdivision of the State of Iowa located in Muscatine County. It operates under the Home Rule provisions of the Constitution of Iowa. The City operates under the Mayor-Council-Manager form of government with the Mayor and Council Members elected on a non-partisan basis. The City of West Liberty provides numerous services to citizens, including public safety, public works, culture and recreation, community and economic development and general government services. It also provides electric, water, sewer and solid waste utilities.

The financial statements of the City of West Liberty have been prepared in conformity with U.S. generally accepted accounting principles (GAAP) as prescribed by the Governmental Accounting Standards Board.

A. Reporting Entity

For financial reporting purposes, the City of West Liberty has included all funds, organizations, agencies, boards, commissions and authorities. The City has also considered all potential component units for which it is financially accountable and other organizations for which the nature and significance of their relationship with the City are such that exclusion would cause the City's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body and (1) the ability of the City to impose its will on that organization or (2) the potential for the organization to provide specific benefits to or impose specific financial burdens on the City.

These financial statements present the City of West Liberty (the primary government) and any component units of which it has none.

Jointly Governed Organizations

The City participates in several jointly governed organizations that provide goods or services to the citizenry of the City but do not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. City officials are members of the following boards and commissions: Muscatine County Assessor's Conference Board, County Emergency Management Commission, Muscatine County Landfill Commission and Muscatine County Joint E911 Service Board, West Liberty Community School District, Muscatine County Engineer.

B. Basis of Presentation

Government-wide Financial Statements - The Statement of Net Assets and the Statement of Activities report information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which are supported by property tax and intergovernmental revenues, are reported separately from business type activities, which rely to a significant extent on fees and charges for services.

The Statement of Net Assets presents the City's nonfiduciary assets and liabilities, with the difference reported as net assets. Net assets are reported in three categories.

“Invested in capital assets, net of related debt” consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes and other debt attributable to the acquisition, construction or improvement of those assets.

“Restricted net assets” result when constraints placed on net asset use are either externally imposed or imposed by law through constitutional provisions or enabling legislation.

“Unrestricted net assets” consist of net assets not meeting the definition of the two preceding categories. Unrestricted net assets often have constraints on resources imposed by management which can be removed or modified.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function and 2) grants and contributions restricted to meeting the operational or capital requirements of a particular function. Property tax and other items not properly included among program revenues are reported instead as general revenues.

Fund Financial Statements – Separate financial statements are provided for governmental and proprietary funds. Major individual governmental and proprietary funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as nonmajor governmental funds.

The City reports the following major governmental funds:

The General Fund is the general operating fund of the City. All general tax revenues and other revenues not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating expenditures, the fixed charges and the capital improvement costs not paid from other funds.

Special Revenue:

The Capital Projects Fund is used to account for all resources used in the acquisition and construction of capital facilities related to street improvements.

Debt Service:

The Debt Service Fund is used to account for the payment of interest and principal on the City's general long-term debt.

The City reports the following major proprietary funds:

Enterprise:

The Electric Fund is used to account for the operation and maintenance of the City's electric system.

The Water Fund is used to account for the operation and maintenance of the City's water system.

The Sewer Fund is used to account for the operation and maintenance of the City's wastewater treatment and sanitary sewer system.

C. Measurement Focus and Basis of Accounting

The government-wide and proprietary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property tax is recognized as revenue in the year for which it is levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days after year end.

Property tax, local option sales tax, intergovernmental revenues (shared revenues, grants and reimbursements from other governments) and interest are considered to be susceptible to accrual. All other revenue items are considered to be measurable and available only when cash is received by the City.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, principal and interest on long-term debt, claims and judgments and compensated absences are recognized as expenditures only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt are reported as other financing sources.

Under terms of grant agreements, the City funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net assets available to finance the program. It is the City's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants and then by general revenues.

The proprietary funds of the City apply all applicable GASB pronouncements, as well as the following pronouncements issued on or before November 30, 1989, unless these pronouncements conflict with or contradict GASB pronouncements: Financial Accounting Standards Board Statements and Interpretations, Accounting Principles Board Opinions and Accounting Research Bulletins of the Committee on Accounting Procedure.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's Enterprise Funds is charges to customers for sales and services. Operating expenses for Enterprise Funds include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The City maintains its financial records on the cash basis. The financial statements of the City are prepared by making memorandum adjusting entries to the cash basis financial records.

D. Assets, Liabilities and Fund Equity

The following accounting policies are followed in preparing the financial statements:

Cash, Pooled Investments and Cash Equivalents – The cash balances of most City funds are pooled and invested. Interest earned on investments is recorded in the General Fund unless otherwise provided by law. Investments consist of non-negotiable certificates of deposit which are stated at cost.

For purposes of the statement of cash flows, all short-term cash investments that are highly liquid (including restricted assets) are considered to be cash equivalents. Cash equivalents are readily convertible to known amounts of cash and, at the day of purchase, have a maturity date no longer than three months.

Property Tax Receivable, Including Tax Increment Financing – Property tax, including tax increment financing, in governmental funds is accounted for using the modified accrual basis of accounting.

Property tax receivable is recognized in these funds on the levy or lien date, which is the date the tax asking, is certified by the City to the County Board of Supervisors. Current year property tax receivable represents taxes collected by the County but not remitted to the City at June 30, 2006 and unpaid taxes. The succeeding year property tax receivable represent taxes certified by the City to be collected in the next fiscal year for the purposes set out in the budget for the next fiscal year. By statute, the City is required to certify its budget to the County Auditor by March 15 of each year for the subsequent fiscal year. However, by statute, the tax asking and budget certification for the following fiscal year becomes effective on the first day of that year. Although the succeeding year property tax receivables have been recorded, the related revenue is deferred in both the government-wide and fund financial statements and will not be recognized as revenue until the year for which it is levied.

Property tax revenues recognized in these funds become due and collectible in September and March of the current fiscal year with a 1½% per month penalty for delinquent payments; is based on January 1, 2004 assessed property valuations; is for the tax accrual period July 1, 2005 through June 30, 2006 and reflects tax asking contained in the budget certified to the County Board of Supervisors in March, 2005.

Customer Accounts and Unbilled Usage – Accounts receivable are recorded in the Enterprise Funds at the time the service is billed. Unbilled usage for service consumed between periodic scheduled billing dates is estimated and is recognized as revenue in the period in which the service is provided.

Due from and Due to Other Funds – During the course of its operations, the City has numerous transactions between funds. To the extent certain transactions between funds had not been paid or received as of June 30, 2006, balances of interfund amounts receivable or payable have been recorded in the fund financial statements.

Due From Other Governments – Due from other governments represents amounts due from the State of Iowa, various shared revenues, grants and reimbursements from other governments.

Inventories – Inventories are valued at cost using the first-in/first-out method. Inventories in the Enterprise Funds consist of materials and supplies. Inventories are recorded as expenses when consumed rather than when purchased.

Restricted Assets – Funds set aside for payment of Enterprise Fund revenue notes are classified as restricted assets since their use is restricted by applicable note indentures. Other restricted

assets include customer deposits restricted for application to unpaid customer accounts or for refund to customers.

Capital Assets – Capital assets, which include property, equipment and vehicles and infrastructure assets (e.g. roads, bridges, curbs, gutters, sidewalks and similar items which are immovable and of value only to the government) are reported in the applicable governmental or business type activities columns in the government-wide Statement of Net Assets. Capital assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repair not adding to the value of the asset or materially extend asset lives are not capitalized. Reportable capital assets are defined by the City as assets with initial, individual costs in excess of the following thresholds and estimated useful lives in excess of three years.

<u>Asset Class</u>	<u>Amount</u>
Land, buildings and improvements	\$ 25,000
Equipment and vehicles	2,500
Infrastructure	35,000

Capital assets of the City are depreciated using the straight line method over the following estimated useful lives:

<u>Asset Class</u>	<u>Estimated Useful Lives (In Years)</u>
Buildings	40-50 years
Improvements other than buildings	15-50 years
Vehicles	3-15 years
Equipment	5-30 years
Infrastructure	15-20 years

Deferred Revenue – Although certain revenues are measurable, they are not available. Available means collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Deferred revenue in the governmental fund financial statements represents the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Deferred revenue consists of unspent grant proceeds, as well as delinquent property tax receivable and other receivables not collected within sixty days after year end.

Deferred revenue in the Statement of Net Assets consists of succeeding year property tax and tax increment financing receivable that will not be recognized as revenue until the year for which they are levied.

Compensated Absences – Vested or accumulated vacation leave that is expected to be liquidated with expendable available financial resources is reported as an expenditure and if material, a fund liability of the governmental fund that will pay it. At June 30, 2006 the liability was not material to the financial statements.

Long-term Liabilities – In the government-wide and proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental or business type activities column in the Statement of Net Assets and the proprietary fund Statement of Net Assets.

In the governmental fund financial statements, the face amount of debt issued is reported as other financing sources. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Fund Equity – In the governmental fund financial statements, reservations of fund balance are reported for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

E. Budgets and Budgetary Accounting

The budgetary comparison and related disclosures are reported as Required Supplementary Information. During the year ended June 30, 2006, disbursements exceeded the amount budgeted in the capital projects function.

NOTE 2- Cash and Pooled Investments

The City's deposits in banks at June 30, 2006 were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

The City is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the City Council; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

The City had no investments meeting the disclosure requirements of Governmental Accounting Standards Board Statement No. 3.

NOTE 3- Capital Assets

Capital assets activity for the year ended June 30, 2006 was as follows:

Primary Government	Balance Beginning of Year	Increases	Decreases	Balance End of Year
Governmental activities:				
Capital assets not being depreciated:

NOTE 4- Changes in Long-Term Debt

A summary of changes in long-term liabilities for the year ended June 30, 2006 is as follows:

	Balance Beginning of Year (as restated, note 13)	Increases	Decreases	Balance End of Year	Due Within One Year
Governmental activities:					
General obligation bonds/notes	\$ 1,497,400	-	128,680	1,368,720	133,680
Total	<u>\$ 1,497,400</u>	<u>-</u>	<u>128,680</u>	<u>1,368,720</u>	<u>133,680</u>
	Balance Beginning of Year	Increases	Decreases	Balance End of Year	Due Within One Year
Business type activities:					
General Obligation Bonds	\$ 147,600		21,320	126,280	21,320
Revenue notes	<u>5,910,000</u>	<u>-</u>	<u>510,000</u>	<u>5,400,000</u>	<u>530,000</u>
Total	<u>\$ 6,057,600</u>	<u>-</u>	<u>531,320</u>	<u>5,526,280</u>	<u>551,320</u>

(1) Bonds were sold at a discount; unamortized discount at June 30, 2006 totaled \$.

General obligation bonds/notes

Two issues of unmatured general obligation bonds/notes, totaling \$1,368,720, are outstanding at June 30, 2006. General obligation bonds/notes bear interest at rates ranging from 3.75% to 5.3% and mature in varying annual amounts, ranging from \$43,680 to \$140,000 with the final maturities due in the year ending 2016.

Details of general obligation bonds/notes payable at June 30, 2006 are as follows:

Governmental activities:	Date of <u>Issue</u>	Interest <u>Rates</u>	Final Due <u>Date</u>	Annual <u>Payments</u>	Amount Originally <u>Issued</u>	Outstanding <u>June 30, 2006</u>
General obligation bonds/notes:						
Street Improvement bond	3/1/2001	4.5%-5.3%	6/30/2016	Various	1,490,000	1,110,000
Pool Capital Note	9/1/2002	2.75%-4.7%	6/30/2013	Various	400,000	<u>258,720</u>
Total governmental activities						<u>\$ 1,368,720</u>

A summary of the annual general obligation bond/note principal and interest requirements to maturity by year is as follows:

Year Ending <u>June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2007	133,680	67,376	201,056
2008	137,040	61,418	198,458
2009	142,040	55,172	197,212
2010	126,880	48,564	175,444
2011	135,240	42,408	177,648
2012	145,240	35,760	181,000
2013	153,600	28,504	182,104
2014	125,000	20,745	145,745
2015	130,000	14,245	144,245
2016	<u>140,000</u>	<u>7,420</u>	<u>147,420</u>
Total	<u>\$ 1,368,720</u>	<u>381,612</u>	<u>1,750,332</u>

Revenue notes

Three issues of unmatured revenue notes, totaling \$5,526,280, are outstanding at June 30, 2006. These notes bear interest at rates of 3.35% to 7.5% and mature in varying annual amounts ranging from \$21,320 to \$455,000 with the final maturity due in the year ending 2017.

The resolution providing for the issuance of the revenue notes includes the following provisions:

- (a) The notes will only be redeemed from the future earnings of the enterprise activity and the note holders hold a lien on the future earnings of the funds.
- (b) Sufficient monthly transfers shall be made to a revenue note retirement account for the purpose of making the note principal and interest payments when due.
- (c) Additional monthly transfers to separate wastewater improvement and replacement accounts shall be made until specific minimum balances have been accumulated. These accounts are restricted for the purpose of paying for any additional improvements, extensions or repairs to the system.

(d) User rates shall be established at a level which produces and maintains net revenues at a level not less than 110% of the amount of principal and interest on the notes falling due in the same year.

During the year ended June 30, 2006, the City was in compliance with the revenue note provisions.

Details of revenue and general obligation notes payable at June 30, 2006 are as follows:

Business type activities:	Date of <u>Issue</u>	Interest <u>Rates</u>	Final Due <u>Date</u>	Annual <u>Payments</u>	Amount Originally <u>Issued</u>	Outstanding June 30, 2006
Revenue notes:						
Electric	9/1/2002	2.5-5.3%	6/30/2017	Various	5,000,000	4,230,000
Sewer	3/1/1995	7.25-7.5%	6/30/2010	Various	3,115,000	<u>1,170,000</u>
Total						5,400,000
Genereal Obligation notes:						
Sewer	9/1/2002	2.75-4.7%	6/30/2013	Various	195,000	<u>126,280</u>
Total						<u>\$ 5,526,280</u>

A summary of the annual revenue note principal and interest requirements to maturity is as follows:

Year Ending June 30.	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2007	551,320	289,061	840,381
2008	587,960	258,129	846,089
2009	622,960	224,382	847,342
2010	648,120	187,466	835,586
2011	334,760	148,427	483,187
2012	349,760	132,617	482,377
2013	371,400	115,457	486,857
2014	370,000	96,920	466,920
2015	390,000	77,915	467,915
2016	410,000	57,510	467,510
2017	435,000	35,534	470,534
2018	<u>455,000</u>	<u>12,058</u>	<u>467,058</u>
Total	<u>\$ 5,526,280</u>	<u>1,635,476</u>	<u>7,161,756</u>

NOTE 5- Interfund Transfers

The detail of interfund transfers for the year ended June 30, 2006 is as follows:

<u>Transfer to</u>	<u>Transfer from</u>	<u>Amount</u>
Special Revenue:		
Fire Reserve	General	<u>\$ 12,500</u>
General	Fire Reserve	<u>130,997</u>
Capital Projects	General	195,000
	Water	<u>135,000</u>
Total		<u>\$473,497</u>

Transfers generally move resources from the fund statutorily required to collect the resources to the fund statutorily required to expend the resources.

NOTE 6- Due From and Due to Other Funds

The detail of interfund receivables and payables at June 30, 2006 is as follows:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General	Special Revenue: TIF	23,757
Enterprise: Electric	Special Revenue: TIF	<u>46,671</u>
Total		<u>\$ 70,428</u>

These balances result from interfund loans to finance projects. Repayments will be made from future revenues.

NOTE 7- Pension and Retirement Benefits

IPERS

The City contributes to the Iowa Public Employees Retirement System (IPERS), which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits which are established by state statute to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, P.O. Box 9117, Des Moines, Iowa, 50306-9117.

Plan members are required to contribute 3.70% of their annual covered salary and the City is required to contribute 5.75% of annual covered payroll except for police employees, in which case the percentages are 6.16% and 9.23%, respectively. Contribution requirements are established by state statute. The City's contributions to IPERS for the years ended June 30, 2006, 2005 and

2004 were \$71,791, \$64,304 and \$57,748, respectively, equal to the required contributions for each year.

NOTE 8- Risk Management

The City is exposed to various risks of loss related to torts; theft, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by the purchase of commercial insurance. The City assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

NOTE 9 - LOCAL OPTION SALES TAX

Commencing on July 1, 1995, the City began collecting a one percent local option sales tax. As approved by voters, the City is required to utilize the sales tax revenue it receives as follows:

From January 1, 2004

- 33 ¹/₃% for local property tax relief
- 33 ¹/₃% for streets, curbs & gutters
- 33 ¹/₃% for community development projects including improvement of library, other facilities, community cleanup and infrastructure

NOTE 10 - CODE OF IOWA, CHAPTER 28E, ORGANIZATIONS

On September 11, 1983, the City entered into an agreement with the Muscatine County Solid Waste Management Agency for the establishment of a jointly governed public agency under Chapter 28E of the Code of Iowa for the purpose of providing solid waste disposal facilities in Muscatine County, Iowa. The City has no direct financial commitment to the entity. The City is obligated to remain a member of the Agency for as long as bonds remain outstanding that the City of Muscatine issued in fiscal year 1997 for construction of collection and disposal facilities.

On October 4, 1994, the City entered into an agreement with the Resale Power Group of Iowa for the establishment of a jointly governed public agency under Chapter 28E of the Code of Iowa for the purpose of providing for the purchase, generation transmission distribution, sale and interchange of electric energy and related services. The agreement was modified on May 20, 1998 to include the purpose of contracting for electrical power and energy on a wholesale basis.

On January 3, 1995, the City entered into an agreement with other governmental units in the area for the establishment of a jointly governed public agency under Chapter 28E of the Code of Iowa for the purpose of mutual fire aid protection in Muscatine County, Iowa. The City has no direct financial commitment to the entity. The City is obligated to share its fire protection resources with other governmental units of the entity. On October 7, 1997 the City entered into an agreement under Chapter 28E of the Code of Iowa with the West Liberty Community School District for the purpose of allowing for relocation of a fence.

On January 20, 1998, the City, entered into an agreement with the City of Wilton, Iowa under Chapter 28E of the Code of Iowa for the purpose of sharing equally the cost of sewer line televising equipment.

On February 11, 2000, the City entered into an agreement with the Muscatine County Sheriff's Office, the City of Muscatine Police Department and the Muscatine County Attorney's Office for the establishment of a jointly governed public agency, the Muscatine County Drug Task Force, under Chapter 28E of the Code of Iowa for the purpose of coordinating their controlled substances investigations, under Chapter 28D, enforcement and prosecution efforts and to share resources available through various sources of funding. The City has no direct financial commitment to the

entity. The City is obligated to share its law enforcement resources with the other governmental units of the entity.

On June 6, 2002, the City entered into an agreement under Chapter 28E with the West Liberty Volunteer Fire Department and the West Liberty Rural Communities Ambulance District for the purpose of jointly owned ambulance equipment and the allocation of operating and maintenance expense.

On June 2, 2002, the City entered into an agreement under Chapter 28E with the West Liberty Volunteer Fire Department and the West Liberty Rural Fire Department for the purpose of jointly owned firefighting equipment and the allocation of operating and maintenance expense.

On October 18, 2005, the City entered into an agreement under Chapter 28E with the West Liberty School District for the purpose of joint use of recreational facilities of the City and the school for adult and youth recreation programs.

On June 10, 2006, the City entered into an agreement under Chapter 28E with Muscatine County for the purpose of the road construction improvements to be made to Garfield Avenue, aka Muscatine County Road X40, within the City of West Liberty at an estimated cost of \$96,644.77

NOTE 11- RPGI PARTICIPANT (AGENCY) AGREEMENT & RPGI PRO RATA GUARANTY

The City signed a RPGI Participant Agreement dated April 15th, 2005 with the Resale Power Group of Iowa (RPGI), an Iowa Chapter 28E Organization of which the City is a member. The purpose of the agreement is to permit RPGI to act as an agent for the City for entering into agreements for the purchase, generation, distribution, sale and interchange of electric energy. The agreement commences on January 1, 2006 and shall continue for successive five year terms until terminated by either party.

Related to the preceding agreement, the City also signed a RPGI Pro Rata Guaranty dated April 16th, 2005 with the Resale Power Group of Iowa (RPGI). The purpose of the guaranty is to obligate the City to be contingently liable to RPGI in its role as a contracting agent and guarantor for the purchase of electric energy from Ameren Energy Marketing Company (AEM) of Illinois in behalf of the members of RPGI. The City's share of the RPGI's \$20M guaranty to AEM is 7.61%, or \$1,528,088 based upon the agreement among the members of RPGI. The guaranty agreement terminates on February 15th, 2009, unless the agreement with AEM terminates prior to that date.

NOTE 12 - TAX INCREMENT FINANCING

Resolution 6-03 authorized a loan to the Tax Increment Financing Fund. The City of West Liberty has established the West Liberty Urban Renewal Area whereas the City will perform certain improvements consisting of repair and renovation of the east side interceptor sewer. In order to make the improvements eligible to be paid from the incremental property tax revenues, it is necessary to create an internal debt. The City Clerk was directed that \$90,000 be advanced to the Tax Increment Fund from the Electric Fund in order to pay the cost of the improvements. The advance shall be treated as a loan to the Tax Increment Fund and shall be repaid to the Electric Fund with interest of 3.75% per annum. Payment shall be made on the loan on December 31st and June 30th of each year to the extent there are incremental tax revenues available for such purpose. Funds shall be credited first to accrued interest and then to outstanding principal. Similarly, Resolution 4-02 established a Tax Increment Fund and authorized a loan to that fund. The City performed certain improvements consisting of the acquisition and demolition of 109 Rainbow Drive. The City Clerk was directed that \$90,000 be advanced to the TIF from the General Fund with interest of 3.75%. Payments shall be made June 1st, of each year as TIF funds are available. Payments will be allocated first to accrued interest and then to outstanding principal.

NOTE 13 - WATER POLLUTION CONTROL AGREEMENT WITH INDUSTRIAL USER AND AMENDMENT OF AGREEMENT

An Agreement was made, dated June 14, 1993, between the Oscar Mayer Foods Corporation d/b/a Louis Rich Foods (the Company) and the City of West Liberty (the City) "to provide for contribution by the Company to the City for the cost of wastewater treatment plant improvements and also contributions by the Company to the City for the cost of operation of the improved wastewater treatment plant." The agreement supersedes all prior agreements. In the agreement, the City assumed responsibility for arranging financing for construction of the improvements, procurement of construction bids and letting of the contracts for construction. Covenants of the City include maintenance of adequate insurance on the facilities, operation of facilities in a prudent manner, indemnification of the company for any claims arising from the construction and normal operation of the facilities, and replacement of the facilities if damaged or destroyed by casualty.

The Company is obligated to pay a "Capital" charge and a "User" charge to the City. The "Capital" charge is the Company's minimum share (approximately 70%) of project costs of constructing the facilities and interest expense on debt obligations. The "User" charge is the Company's share of operating costs based upon rates of flow and treatment characteristics of the Company's discharge. The "Capital" charge payment by the Company will cease when the aggregate amount paid equal's the Company's share of project costs. The user charge will continue under the agreement for as long as the Company discharges wastewater to the City's facilities. On April 16, 1996, the Company informed the City of its intent to sell its West Liberty plant. The Iowa Turkey Growers Cooperative (ITGC) purchased the production facilities in West Liberty from the Louis Rich Company on January 1, 1997. Oscar Mayer Foods Corporation remains liable for performance under the contract to the City.

An amendment to the agreement was made on February 15, 1994. The amendment, effective the date signed, requires the Company to pay an "Enhanced Capital" charge, whereby an additional amount equivalent to 30% of the Capital charge as determined in the original agreement is deposited into the "Wastewater Treatment Plant Improvement Fund." This fund is to be used for paying principal and interest on outstanding debt if and when there are insufficient funds in other debt reserve accounts. The "Enhanced Capital" charge will cease at the same time that the Capital charge under the original agreement ceases. The payments from the Company ceased during the current fiscal year and the City has pursued the Company for past payments that are due.

A second amendment was made to the agreement on March 8, 1997, for the purpose of specifying the project cost of \$3,115,000 which is used in calculating the "Capital" charge and the "Enhanced Capital" charge.

NOTE 14 - CEBA LOAN AGREEMENT

The City received a Community Economic Betterment Account (CEBA) award dated August 19, 1999 for a loan of \$350,000 and a forgivable loan of \$150,000 on behalf of a local business Engineered Rubber Products, Inc. (the Company). The local business is required to repay the loan over 60 months at 0% interest with monthly payments of \$5,833.33 commencing June 1, 2000. The forgivable loan does not have to be repaid if the business complies with covenants contained within the agreement. The City provides electrical infrastructure improvements and agency services for the Iowa Department of Economic Development for administration of the award. The Company has ceased operations and collection on the loan is uncertain.

NOTE 15 - STREET CONSTRUCTION G.O. CAPITAL LOAN NOTE

During the fiscal year ended June 30, 2000, the City received proceeds of \$1,000,000 from a bond anticipatory note for purposes of street construction. The debt dated May 3, 2000 carried an

interest rate of 5.1% and was due June 1, 2001. The liability for the note was shown in the special revenue street fund. The refinancing of the short term note on a long term basis was anticipated to be completed during the fiscal year ended June 30, 2001. The street construction loan was not included in the general long term debt account group.

During the fiscal year ended June 30, 2001, the City received proceeds of \$1,490,000 from a General Obligation Capital Loan Note for the purposes of refinancing the fore mentioned note and additional street construction. The debt, dated March 22, 2001, carries an average interest rate of 5.0527% and is due June 1, 2016.

NOTE 16 - CAPITAL LOAN NOTES

Water Pollution Control

The City issued general obligation capital loan notes dated January 1, 1994 in the aggregate amount of \$350,000 for the purpose of financing construction of Water Pollution Control plant and sewer improvements. The notes mature serially between 1997 and 2009 and carry an average interest rate of 4.867%. As of July 1, 2002 the remaining notes payable totaled \$190,000.

The above remaining capital loan notes of \$190,000 were retired by refunding the debt with General Obligation Capital Loan Notes dated September 1, 2002 for a total of \$195,000. These refunding Capital Loan Notes are included as a part of the \$595,000 of Capital Loan Notes issued that date of which \$400,000 was issued for the purpose of the swimming pool renovation project. Therefore, 32.7731% of principal and interest debt service payments on the \$595,000 of Capital Loan Notes are allocated to the Water Pollution Control proprietary enterprise fund. The notes mature serially between 2005 and 2013 and carry an average interest rate of 4.14%.

Pool Renovation Project

Dated September 1, 2002, the City issued \$400,000 of General Obligation Capital Loan Notes to fund renovation of the Municipal Swimming Pool. These Capital Loan Notes are included as a part of the \$595,000 of Capital Loan Notes issued that date of which \$195,000 was issued for the purpose of refunding Water Pollution Control Capital Loan Notes dated January 1, 1994. Therefore, 67.227% of principal and interest debt service payments on the \$595,000 of Capital Loan Notes are allocated to the Debt Service Fund. The notes mature serially between 2005 and 2013 and carry an average interest rate of 4.14%.

NOTE 17 - NOTE INDEBTEDNESS - REVENUE NOTE REQUIREMENTS

Water Pollution Control Revenue Notes

The Council of the City of West Liberty passed an ordinance to authorize the issuance of \$3,115,000 of Sewer Revenue Capital Loan Notes, dated March 1, 1995, to finance the construction of improvements to the Water Pollution Control facility and related improvements.

The ordinance provides that these notes will be retired from the revenue of the municipal Sewer Utility. The ordinance creates the following three funds to provide for the retirement of the notes:

1. Note and Interest Sinking Fund - Monthly deposits are to be made to this fund from the operations account amounting to one-sixth of the interest coming due at the next semiannual interest payment date, plus one-twelfth of the notes maturing on the next maturity date. Notes and interest are paid by this fund.
2. Debt Service Reserve Fund - Monthly deposits of 25% of the amount required for the above Note and Interest Sinking Fund from the operations account are to be made into this fund

until the fund balance has reached the Reserve Fund Requirement. The Reserve Fund Requirement equals the lesser of the maximum interest and principal coming due or ten percent of the principal amount outstanding.

3. Sewer Improvement Fund - Monthly payments of \$5,000 are to be made to this fund. This fund is to be used, if necessary, to finance accounts #1 and #2 above and for repairs or construction of additional works and facilities. Payments are to continue until \$300,000 has been accumulated in the account. If the account balance drops below this minimum balance, the monthly \$5,000 payments must recommence.

The bonds mature serially starting March 1, 1997, through March 1, 2010. Interest is payable semiannually on March 1 and September 1. Deposits to above funds #1 and #2 were made correctly during the year in accordance with the above requirements. Fund #3 was exhausted during the year. The fund will be replenished during fiscal year 2006-2007.

The ordinance required that the accrued interest of \$13,788.35 received from issuance of the notes be deposited to the Note and Interest Sinking Fund. Also, it required \$300,000 from funds on hand to be deposited in the Debt Service Reserve Fund. Both of these requirements have been completed.

The ordinance also requires that other covenants be complied with as follows:

- a. The City will maintain the Water Pollution Control Facility in good condition; operate it in an efficient manner and at reasonable cost.
- b. The City will produce sufficient net revenue adequate to pay principal and interest on notes and fund reserve and improvement funds, but not less than 125% of the principal and interest requirements each year.
- c. The City will maintain adequate insurance on the facilities.
- d. The City will have an annual audit by an independent auditor and provide a copy to the original purchaser and other note holders. The audit report must include the following:
 - i. An evaluation of covenant compliances.
 - ii. Statement of revenues and expenses.
 - iii. Balance sheet.
 - iv. Rates in effect at the end of the fiscal year, the number of customers of the system and an analysis of the rates of debt service to net revenues.
 - v. Schedule of insurance.
 - iv. Evaluation of internal controls and sufficiency of fidelity bonding.
 - vii. Listing of public officials.
 - viii. Statement addressing any events or circumstances which might affect the financial status of the system.
- e. The City will operate the system in compliance with state laws.
- f. The City will not sell, lease or in any other manner dispose of any of the system, generally.
- g. Sufficient fidelity bond coverage will be maintained by the City.
- h. The City will require proper connecting charges and security from customers for payment of service charges.
- i. The City will adopt a system budget each year.

The City complied with the preceding covenants for the fiscal year ended June 30, 2006, except for the following paragraph.

The net revenue of the Sewer Proprietary Fund did not meet the minimum net revenue required by the bond covenants of the Sewer Revenue Capital Loan Notes dated March 1, 1995 by \$307,431.

On April 16, 1996, the City received official notification from the Louis Rich Company, the major user of the system, that the West Liberty plant was for sale. The Iowa Turkey Growers Cooperative (ITGC) purchased the production facilities in West Liberty from the Louis Rich Company on January 1, 1997. A contract was signed with the City by ITGC whereby the city will provide wastewater treatment services to ITGC on a contractual basis similar to the contract previously with the Louis Rich Company.

Electric Utility Revenue Notes

The Council of the City of West Liberty passed an ordinance to authorize the issuance of \$5,000,000 of Electric Revenue Capital Loan Notes, dated September 1, 2002, to finance the construction of improvements to the Municipal Electric Utility of the City including additional generating capacity.

The ordinance provides that these notes will be retired from the revenue of the Municipal Electric Utility. The ordinance creates the following four funds to provide for the retirement of the notes:

1. Operation & Maintenance Fund - Monthly deposits are to be made to this fund from operating revenues sufficient to meet the current operating expenses of the month plus an amount equal to one-twelfth of the expenses payable annually.
2. Sinking Fund - Monthly deposits are to be made to this fund from the operations account amounting to one-sixth of the interest coming due at the next semiannual interest payment date, plus one-twelfth of the notes maturing on the next maturity date. Notes and interest are paid by this fund.
3. Reserve Fund - Monthly deposits of 25% of the amount required for the above Sinking Fund from the operations account are to be made into this fund until the fund balance has reached the Reserve Fund Requirement. The Reserve Fund Requirement equals the lesser of the (1) maximum interest and principal coming due, (2) ten percent of the principal amount outstanding, or (3) 125% of the average annual principal and interest coming due. An initial deposit of \$471,000 to the Reserve Fund was required.
4. Improvement Fund - Monthly payments of \$4,000 are to be made to this fund. This fund is to be used, if necessary, to finance accounts #2 and #3 above and for repairs or construction of additional works and facilities. Payments are to continue until \$500,000 has been accumulated in the account. If the account balance drops below this minimum balance, the monthly \$4,000 payments must recommence. An initial deposit of \$500,000 to the Improvement Fund was required.

The bonds mature serially starting December 1, 2005, through December 1, 2017. Notes maturing after December 1, 2010 may be called for redemption on said date or anytime thereafter at par by giving thirty (30) days notice of redemption. Interest is payable semiannually on June 1 and December 1. Monthly deposits to above funds #1, #2, #3 and #4 were made correctly during the year in accordance with the above requirements.

The ordinance required that the accrued interest of \$19,918.22 received from issuance of the notes be deposited to the Sinking Fund. Also, it required \$471,000 from funds on hand to be deposited in the Reserve Fund and \$500,000 from funds on hand to be deposited to the Improvement Fund. All three of these requirements have been completed.

The ordinance also requires that other covenants be complied with as follows:

- a. The City will maintain the Electric Utility System in good condition; operate it in an efficient manner and at reasonable cost.
- b. The City will produce sufficient net revenue adequate to pay principal and interest on notes and fund Reserve and Improvement Funds.
- c. The City will maintain adequate insurance on the facilities. Proceeds of any insurance will be used to repair or replace destroyed parts of the system or shall be placed in the Improvement Fund.
- d. The City will have an annual audit by an independent auditor and provide a copy to the original purchaser and other note holders, upon request.
- e. The City will operate the system in compliance with state laws.
- f. The City will not sell, lease or in any other manner dispose of any of the system, generally.
- g. Sufficient fidelity bond coverage will be maintained by the City.
- h. The City will require proper connecting charges or other security for payment of service charges.
- i. The City will approve and conduct operations pursuant to a system budget of revenues and expenses for each fiscal year.

The City complied with the preceding covenants for the fiscal year ended June 30, 2006.

NOTE 18 - CONTRACT COMMITMENTS

As of June 30, 2006, the City was obligated under the following contract commitments:

Operations Management International, Inc. for operation of the Wastewater Treatment Plant, Sludge Disposal and Industrial Monitoring program under a five year amended contract dated June 10, 2006 that began July 1, 2006, at a monthly fee of \$43,185, adjusted annually.

Solar Turbines Incorporated for maintenance of the two turbine generator sets under a five year contract dated June 1, 2005 at a monthly fee of \$4,500, adjusted annually for inflation.

City of West Liberty
Notes to Required Supplementary Information – Budgetary Reporting
Year ended June 30, 2006

In accordance with the Code of Iowa, the City Council annually adopts a budget on the cash basis following required public notice and hearing for all funds. The annual budget may be amended during the year utilizing similar statutorily prescribed procedures. Encumbrances are not recognized on the cash basis budget and appropriations lapse at year end.

Formal and legal budgetary control is based upon 9 major classes of disbursements known as functions, not by fund or fund type. These 9 functions are: public safety, public works, health and social services, culture and recreation, community and economic development, general government, debt service, capital projects and business type activities. Function disbursements required to be budgeted include disbursements for the General Fund, Special Revenue Funds, Debt Service Fund, Capital Projects Fund and Enterprise Funds. Although the budget document presents function disbursements by fund, the legal level of control is at the aggregated function level, not by fund. During the year, the budget amendments increased budgeted disbursements by \$1,323,290. The budget amendment is reflected in the final budgeted amounts.

During the year ended June 30, 2006, disbursements in the capital projects function exceeded the amount budgeted.

City of West Liberty

**Independent Auditors' Report on Internal Control over Financial
Reporting and on Compliance and Other Matters Based on an Audit
of Financial Statements Performed in Accordance with
Government Auditing Standards**

**Independent Auditor's Report on Compliance
and on Internal Control over Financial Reporting**

To the Honorable Mayor and
Members of the City Council:

We have audited the financial statements of the City of West Liberty, Iowa, as of and for the year ended June 30, 2006, and have issued our report thereon dated December 1, 2006. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether the City of West Liberty's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance that are required to be reported under Government Auditing Standards.

Comments involving statutory and other legal matters about the City's operations for the year ended June 30, 2006 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the City. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes. There were no prior year statutory comments.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City of West Liberty's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. However, we noted no matters involving the internal control over financial reporting and its operation that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect the City of West Liberty's ability to record, process, summarize and report financial data consistent with the assertions of management in the financial statements.

A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses. There were no prior year reportable conditions .

This report, a public record by law, is intended solely for the information and use of the officials, employees and citizens of the City of West Liberty and other parties to whom the City of West Liberty may report. This report is not intended to be and should not be used by anyone other than these specified parties.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of the City of West Liberty during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

**Independent Auditors' Report on Compliance with Requirements
Applicable to Each Major Program and on Internal Control over
Compliance in Accordance with OMB Circular A-133**

City of West Liberty

To the Honorable Mayor and
Members of the City Council:

Compliance

We have audited the compliance of The City of West Liberty, Iowa, with the types of compliance requirements described in U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to its major federal program for the year ended June 30, 2006. The City of West Liberty's major federal program is identified in Part I of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grant agreements applicable to its major federal program is the responsibility of The City of West Liberty's management. Our responsibility is to express an opinion on The City of West Liberty's compliance based on our audit.

We conducted our audit of compliance in accordance with U.S. generally accepted auditing standards, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether non-compliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about The City of West Liberty's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on The City of West Liberty's compliance with those requirements.

In our opinion, The City of West Liberty complied, in all material respects, with the requirements referred to above that are applicable to its major federal program for the year ended June 30, 2006.

Internal Control Over Compliance

The management of The City of West Liberty is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grant agreements applicable to federal programs. In planning and performing our audit, we considered The City of West Liberty's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that non-compliance with applicable

requirements of laws, regulations, contracts and grant agreements caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report, a public record by law, is intended solely for the information and use of the officials, employees and citizens of The City of West Liberty and other parties to whom The City of West Liberty may report, including federal awarding agencies and pass-through entities. This report is not intended to be and should not be used by anyone other than these specified parties.

December 1, 2006

City of West Liberty
Schedule of Findings and Questioned Costs
Year ended June 30, 2006

Part I: Summary of the Independent Auditor's Results:

- (a) Unqualified opinions were issued on the financial statements.
- (b) No reportable conditions in internal control over financial reporting were disclosed by the audit of the financial statements .
- (c) The audit did not disclose any non-compliance which is material to the financial statements.
- (d) Federal program expenditures for the year were \$515,000 .
- (e) An unqualified opinion was issued on compliance with requirements applicable to the Federal program.
- (f) The audit disclosed no audit findings which were required to be reported in accordance with Office of Management and Budget Circular A-133, Section .510(a).
- (g) The major program was CFDA Number 20.205 - Department of Transportation Highway Planning and Construction.
- (h) The dollar threshold used to distinguish between Type A and Type B programs was \$300,000.
- (i) The City of West Liberty did not qualify as a low-risk auditee.

Part II: Findings Related to the Financial Statements:

INSTANCES OF NON-COMPLIANCE:

No matters were noted.

REPORTABLE CONDITIONS:

No matters were noted.

Part III: Findings and Questioned Costs For Federal Awards:

INSTANCES OF NON-COMPLIANCE:

No matters were noted.

REPORTABLE CONDITIONS:

No material weakness in internal controls over the major federal program were noted.

Part IV: Other Findings Related to Required Statutory Reporting:

IV-A-06 **Certified Budget – Disbursements during the year ended June 30, 2006 exceeded the amount budgeted in the capital projects function. Chapter 384.20 of the Code of Iowa states in part that public monies may not be expended or encumbered except under an annual or continuing appropriation.**

Recommendation – The budget should have been amended in accordance with Chapter 384.18 of the Code of Iowa before disbursements were allowed to exceed the budget.

Response – The budget will be amended in the future, if applicable.

Conclusion – Response accepted.

IV-B-06 **Questionable Disbursements – No disbursements were noted that may not meet the requirements of public purpose as defined in an Attorney General's opinion dated April 25, 1979.**

IV-C-06 **Travel Expense – No disbursements of City money for travel expenses of spouses of City officials or employees were noted that represent a conflict of interest in accordance with Chapter 362.5(10) of the Code of Iowa.**

IV-D-06 **Business Transactions – Business transactions between the City and City officials or employees are noted as follows:**

Name, Title, and Business Connection	Transaction Description	Amount
William Cline – Council Member HD Cline Company	Parts, Repairs, Minor Mower purchase	\$ 14,913

From our review of the purchases in accordance with Chapter 362.5(10) of the Code of Iowa, the transactions with HD Cline Company do not appear to represent conflicts of interest. Mr. Cline abstained from voting on the mower purchase.

IV-E-06 **Bond Coverage – Surety bond coverage of City officials and employees is in accordance with statutory provisions. The amount of coverage should be reviewed annually to insure the coverage is adequate for current operations.**

IV-F-06 **Council Minutes – No transactions were found that we believe should have been approved in the Council minutes but were not.**

IV-G-06 **Deposits and Investments – No instances of non-compliance with the deposit and investment provisions of Chapters 12B and 12C of the Code of Iowa and the City's investment policy were noted.**

IV-H-06 **Revenue Notes – The net revenue of the Sewer Proprietary Fund did not meet the minimum net revenue required by the bond covenants of the Sewer Revenue Capital Loan Notes, dated March 1, 1995 by \$307,431.**

Recommendation – Increase sewer revenue.

Response – Sewer payments will be required from Kraft Foods and West Liberty Foods or increase sewer rates.

Conclusion – Response accepted.

IV-I-06 Financial Condition – The TIF Urban Renewal, a special revenue fund, had a deficit balance at Jun 30, 2006 of \$68,042.

Recommendation – The City should investigate alternatives to eliminate this deficit in order to return this account to a sound financial position.

Response – Tax levies for the TIF debt will continue to be collected to offset the deficit balance.

Conclusion – Response accepted.

IV-J-06 Sewer Improvement Fund – The balance for future debt service reserve in the Sewer Improvement Fund was exhausted. Therefore, this fund did not meet the \$300,000 required balance in this account.

Recommendation – Replenish the fund during fiscal year 2006-2007.

Response – The fund will be replenished with bond proceeds during fiscal year 2006-2007.

Conclusion – Response accepted.
